\$3M Project Management Overview

Project Management of a brand new Childcare Centre with 11 carspaces, capacity to occupy 65 with land size 1,107sqm.

Thomas Property along with CGD Construction were able to assist our client with design, council application and building requirements through to construction and handover. Our combined strengths of developing great designs, receiving council approval with nil to minimum conditions on DA consent and building childcare centres.

Children's playground area of 338sqm consisting of soft fall, shade sail, play equipment for the children and fencing to comply with the relevant legislation including Building Cod

Project Management
