

NEWTOWN, NSW

Project Overview

Heritage building consisting of existing facade, Residential Apartments x5 and Commercial x1.

Scope of Project Management Services:

- * Engagement of specialist consultants ie: Architects, Engineers, Surveyors, Stormwater Drainage Designer, etc
- * To undertake a review of the Development Application (DA) documentation submitted to Council to identify whether there is any other information that should have been included in the DA submission to minimize the number of DA consent conditions.

The scope of Project Management Services to be provided are outlined below:
